NEW CHANGE in re-enrollment:

APPLICATION PERIODS SHORTENED TO 3 WEEKS

There is no extended renewal period this year. Enrollment windows will continue each month after February, **but your child's spot is not guaranteed if you wait.** After the first enrollment period, seats may be given to new applicants depending on availability.

Seats fill monthly, applying early gives your child the best chance at securing their seat for the 2026-2027 school year.

Re-applying early = keeping your child's place secure
